### Fiscal Note

The proposed ordinance revision would allow Madison taxpayers to pay property taxes in four installments rather than in two installments, which has been the historical practice. It would also shift the responsibility for collection of all installments and most delinquent taxes from the County Treasurer to the City Treasurer. This administrative change would shift the collection of interest and penalty on most delinquent taxes from the County to the City during the first six months of delinquency and would increase revenue for the City by an estimated \$200,000 or more per year. The City Treasurer believes that the proposed four-installment collection can be completed with existing staff resources. There may be some additional costs for mailing and supplies of up to \$10,000 or \$20,000 per year. G.O. borrowing of \$40,000 for initial software reprogramming costs is included in the Information Technology 2013 Capital Budget (Project No. 10, 810708).

### Title

SUBSTITUTE Amending Sections 4.07(1) and (2) and creating Sections 4.07 (1) through (11) of the Madison General Ordinances to provide for installment payment of real property tax and personal property taxes for improvements on leased land and establish payment procedures for personal property tax, special charges, special assessments and special taxes.

### Body

DRAFTER'S ANALYSIS: This ordinance reorganizes and clarifies the previous sections and establishes a multiple installment payment option of real property taxes and personal property taxes for improvements on leased land, rather than the previous two installments. The minimum payment shall be \$100 and each installment shall consist of  $\frac{1}{4}$  of the aggregate real property tax levied. The amendment establishes payment dates for each installment including a 5-day grace period. The amendment establishes a date by which each installment will become delinquent and the remainder of the unpaid portion of the taxes will become due as of the first day of the month after the payment is due. The amendment provides for the City's collection of interest charge of 1% per month or fraction of a month for delinquent amounts. Additionally, penalty charge of 0.5% per month or fraction of a month will be imposed on delinquent amounts and collected by the City Treasurer pursuant to Dane County Ordinance s. 26.41. The opinion of the City Attorney has been that it is unclear whether the City may impose a penalty charge because we lack authority to adopt an ordinance pursuant to Wis. Stat. § 74.47(2). On June 14, 2010, the Dane County Corporation Counsel issued an opinion which indicated that the City must impose penalty charge on delinquent amounts collect on or before July 31 because Dane County has adopted Dane County Ordinance s. 26.41 which imposes a penalty charge on all delinquent general property taxes, special charges, special assessments and special taxes and therefore the City is required to also collect the penalty charge. Based upon the opinion of the Dane County Corporation Counsel, this Substitute includes the penalty. The payment for personal property taxes, special charges, special taxes and special assessments will remain the same due on January 31, including a 5-day grace period. The amendment establishes payment priorities and where each payment shall be made. The ordinance gives the City Treasurer the discretion to implement the ordinance for 2013 tax bills or, if needed for software changes, 2014 tax bills.
