The streets listed above are scheduled for resurfacing in 2014. The first phase includes replacing deteriorated sections of curb and gutter. The second phase includes pulverizing the pavement. The third phase includes placing the asphalt pavement. Phases one and two will be completed between the hours of 7:00 AM and 7:00 PM. Phase three will be completed between the hours of 7:00 PM and 7:00 AM for the following reasons:

1. Phases one and two can be performed around normal traffic volumes without adversely affecting the quality of the construction and without a big impact on traffic. The contractor is required to maintain access to all businesses at all times.
2. Traffic turning in and out of the businesses could adversely affect the newly placed asphalt pavement in Phase three. Performing this work during reduced traffic volumes will produce a better product and provide the least interruption to the businesses. This work will take place on two consecutive nights at each location.

Construction activities generally exceed the noise limits imposed by the Madison General Ordinances and temporary construction activity between the hours of 7:00 AM to 7:00 PM is allowed to exceed the noise limits imposed by the Madison General Ordinances.
