

Legislation Text

File #: 54963, **Version:** 1

The proposed resolution authorizes an agreement with the City of Fitchburg and Dane county for a watershed study for a total estimated cost of \$60,000. The cost of the study will split evenly to each municipal entity. The estimated \$20,000 attributable to the City of Madison for this agreement is budgeted within the adopted 2019 capital budget via the Stormwater Utility's Flood Mitigation program funded by Stormwater Utility supported GO Borrowing. Dane County shall act as the administrator for this project and will be invoiced for all bills directly by the selected consultant; Dane County will then invoice the Cities of Madison and Fitchburg for their proportionate share of the costs.

MUNIS:

12153-84-200

Authorizing the Mayor and City Clerk to enter into an agreement with the City of Fitchburg and Dane County to complete a storm water watershed study for the watershed draining to the intersection of the Capital City State Trail, Badger State Trail, Cannonball and Southwest bike path. (10th AD)

WHEREAS, the area described above has flooded during several events over the past several years; and

WHEREAS, Dane County, the City of Fitchburg, and the City of Madison all have an interest in this area and have cooperated in the past on these issues, notably for the construction of this area; and

WHEREAS, Dane County has agreed to act as the Administrator of this project, provided Madison Engineering take the lead on writing the request for proposals and acting as the technical lead on the project, which we are willing to do; and

WHEREAS, all parties have agreed to jointly and equally fund this project; and

WHEREAS, the watershed analysis of this area dovetails to a study planned by the City of Madison for portions of the City of Madison upstream of this location; and

NOW, THEREFORE, BE IT RESOLVED that the Mayor and City Clerk are authorized to enter into an agreement with the City of Fitchburg and Dane County to complete a storm water watershed study for the watershed draining to the intersection of the Capital City State Trail, Badger State Trail, Cannonball and Southwest bike path.
