Fiscal Note

The proposed would increase the Street Terrace Permit Fee from \$25 to \$50, which is estimated to generate an additional \$11,250 in revenue. This fee increase is based on administrative costs of administering the Permit Fee, which individuals must pay when altering any space between the sidewalk and curb (such as landscaping or sidewalk replacement). This revenue was assumed in the 2020 Adopted Operating Budget.

Title

Approving the permit fee for the private construction of any concrete sidewalk, concrete terrace, concrete or asphalt curb and gutter, and the installation of landscape pavers in the right-of-way. (City Wide ADs)

Body

On December 3, 2019 a resolution was introduced amending Section 10.09(5) of the Madison General Ordinances to provide for the permit fee to be established by the City Engineer, and approved by the Board of Public Works, in an amount sufficient to recover the costs incurred by the City to administer the permit and the requirements under this Section.

The Engineering Division has determined that the permit fee for the private construction of any concrete sidewalk, concrete terrace, concrete or asphalt curb and gutter, and the installation of landscape pavers in the right-of-way should be increased to \$50.00.

That the Board of Public Works hereby approves the Private Sidewalks, Terraces, and Curb and Gutter Works Permit fee of \$50.00 as established by the Engineering Division effective upon the effective date of the ordinance.
