Dear Plan Commission Members:

I support items 87841 and 87657 for the construction of the Frautschi Center at the Lakeshore Nature Preserve. I am a resident of Eagle Heights and visit the Preserve multiple times each week. The new building will be a home for outreach events, will make land stewardship easier for Preserve staff by providing a central location for equipment, and will bring more people to the Preserve. This building, especially because of how sustainable it will be, demonstrates that our community values connecting people with nature, and I look forward to it opening.

Best wishes,
Scott Hershberger
