Fri, Feb 9 at 6:44 AM

Good morning, Alder. Apologies for the delay; I was asleep and now rushing to work. City staff delayed my proposed ordinance for over a year to focus on other priorities like the "TOD" ordinance and the "Definition of Family" in zoning codes. They've asked me to sponsor mine now, and I agreed. If you'd like them to move forward with yours too, I'm happy to sponsor it. Both changes are important.

Fri, Feb 9 at 8:40 AM

I see it's fine

I just wanted to ask cos I want to sponsor this as well

Is your resolution ready? I can tell staff to add me to sponsor yours as well

Bruh staff is still working on it 😞

We have a meeting today so hopefully it will be prepared

Or by the end of the month

They said they got delayed by the bs on speedway rd

Now you know how I feel waiting over a year for mine. Seeing them give presentations in Green Bay. I'll tell Mat to add you as a sponsor, and when yours is done, tell him that he can add me to yours as I have already talk to you

Thanks

Pls cc me so I can confirm

It's very frustrating

There's other housing related things I'd like to do but idk cos this itself is taking forever

iMessage

But I'm sure before we do that we would want council to receive a livable wage

Are you available next week sometime for a conversation via in person or phone?

is that good with you

It's a priority for me to connect with you on NLC and the budget

Also, I believe that we should transition the public forum about the alder duties to another time. The timing is not good because of budget issues.

Let's instead keep the meeting, but discuss a public forum about the budget
