**Name of Borrower:** City of Madison  
**Name of Project:** Huxley Yards – The View  
**Loan Number:** RRL-020

**1. PROJECT DESCRIPTION**

The former Hartmeyer Property was a 29-acre parcel that has been subdivided into several parcels, and the western portion is now owned by the City of Madison for a future park. The eastern parcels are being redeveloped for multi-family housing. Lincoln Avenues Communities is currently building The View apartment building on the east-central portion of the former Hartmeyer Property. The View is an affordable-housing apartment building of approximately 300 units for families.

DNR has an open remediation case and a closed remediation case on the portion of the former Hartmeyer Property that overlaps with The View and The Victoria developments. The cases cover petroleum releases from past fuel oil storage on the property and contaminated soil from past coal storage and urban fill (brought in decades ago). DNR approved a contaminated soils management plan for both developments on October 3, 2023. DNR is working with Lincoln Avenue Communities and their consultants to ensure the redevelopment activities comply with applicable state regulations and will meet the NR 700 requirements for case closure.

**2. ELIGIBLE ACTIVITIES**

Soil management activities as approved in the MMP including excavation and ransport of contaminated materials for landfill disposal.

**3. INELIGIBLE ACTIVITIES**

Activities not included in the October 3, 2023 Materials Management Plan approval letter. Activities related solely to development (e.g. sidewalk construction, foundations, landscaping).

**4. ADDITIONAL NOTES**

Full loan amount contingent upon availability of supplemental funding from the U.S. EPA. The DNR requested additional funding in March 2025 from the U.S. EPA under its cooperative agreement #BF00E01344. If the DNR receives sufficient supplemental funding from U.S. EPA by October 1, 2025, the DNR will loan \$416,900 to the city of Madison for this project under this loan award package. If sufficient supplemental funding is not received from U.S. EPA by October 1, 2025, as determined by the DNR, the DNR is under no obligation to loan the contingent amount to the city of Madison for this project under this loan award package.
